MARKETING

DISTRIBUTED LEARNING •  
E-Learning world

Convergence •

The Learning element can be brought into the classroom using technology

**You can only export 1 page at a time, which is dumb.**

architecture

The ~~Architecture~~ is based on our business needs.

\* Technology should not be the enabler

The actual technology is secondary to the integration

architecture  
good architecture = agility

Blackboard is a toaster & it warms up your ~~piece~~ <sup>piece</sup> of Bread.

It is not a bread maker.

→ Power moving into the hands of the user

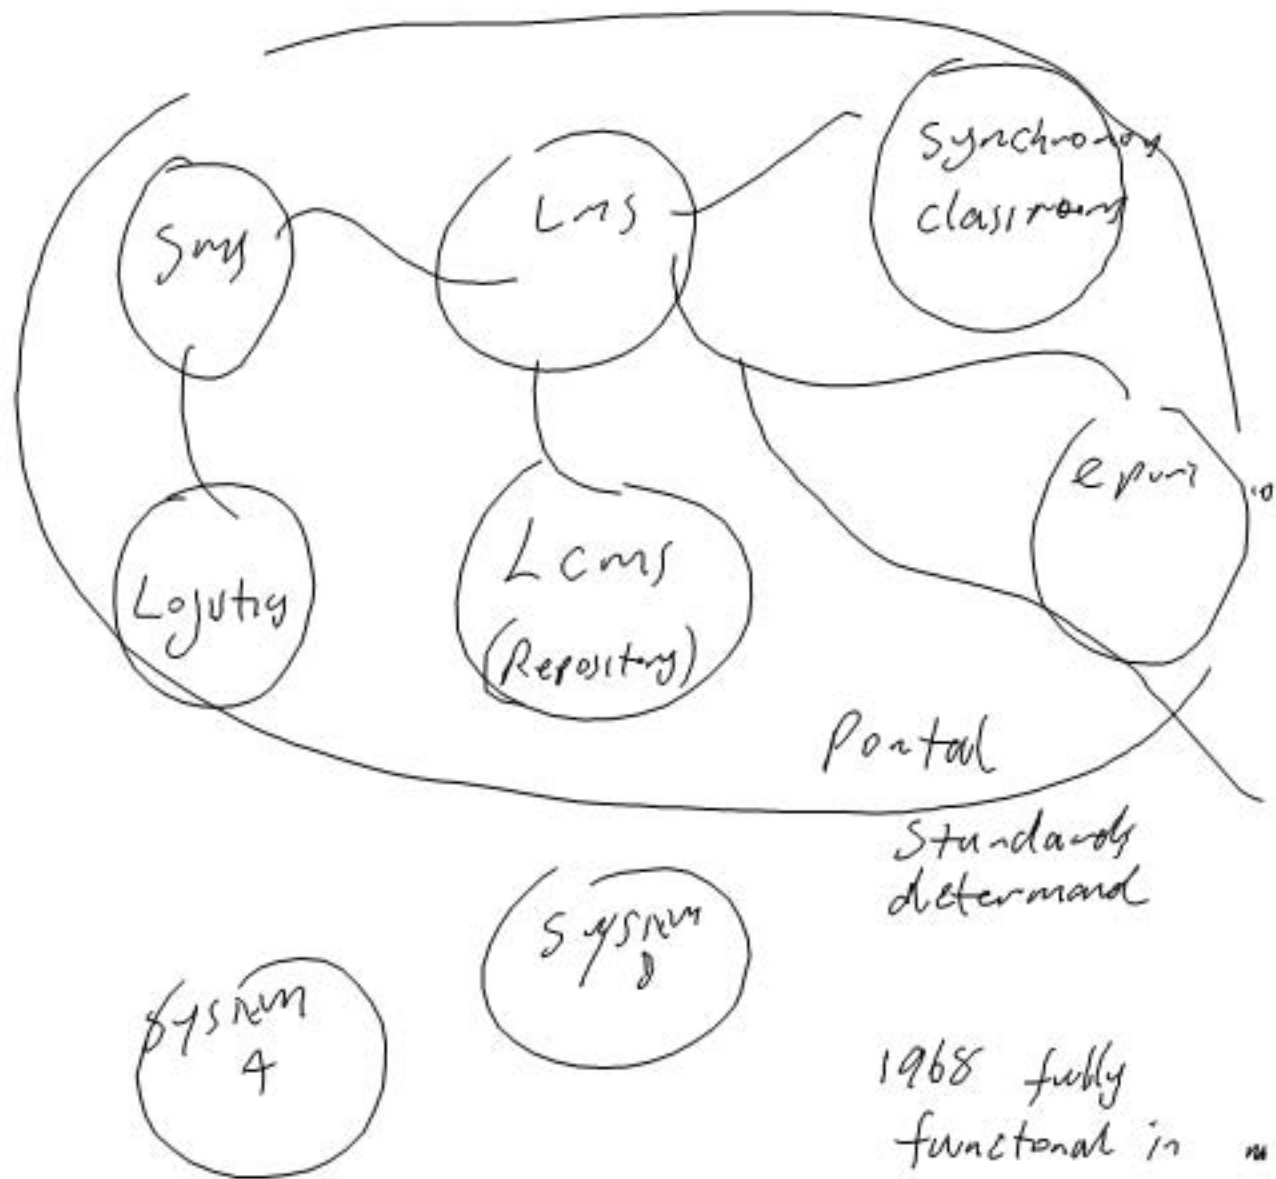

\* System commoditisation - has impact on the systems

Brand dominates

LMS Review 600 Reasonable

\* No problem about choice the problem is that the decision you make today will live with you for Decades.

DIAGNOSE / PROGNOSIS

Google IS A SELF ORGANISING SYSTEM

THE ORIGINAL DESIGN FOR THE INTERNET IS A  
SELF ORGANISING SYSTEM

DISTRIBUTED LEARNING ENVIRONMENTS  
SELF SERVING

YOU MUST BUILD SELF DEEMING PRINCIPLES  
'INTO YOUR DESIGNS

THE TECHNOLOGY IS TERTIARY NOT SECONDARY  
BUILD FOR SCALABILITY NOW

SCIENCE OF SCARCITY

WHEN YOU START A CHEMICAL PROCESS  
YOU DON'T KNOW WHAT WAY IT WILL GO  
UNTIL 11:59 (ONE MINUTE TO MIDNIGHT)

LMS SYSTEMS ARE BECOMING COMMODITIES

DON'T RLY ON THE TECHNOLOGY TO DO  
THE WORK FOR US

IT IS BETTER TO TALK FACE-TO-FACE  
USE THE TECHNOLOGY TO REPLACE THINGS  
THAT HAVE A HIGH OPPORTUNITY COST-

PUTTING CERTAIN LEARNING OBJECTS ONLINE  
CAN REDUCE UNNECESSARY FACE-TO-FACE  
INTERACTIONS ALLOWING YOU TO  
INVEST IN THE IMPORTANT  
CONTACT

DISTRIBUTION OF LEARNING WILL BE  
INTERNALISED IN OUR LIVES

Note this is where the battery went flat.

Some aspects of our lives are permeable eg family life work imposes on family life more than family life does on work.
